

Weigel Broadcasting Co. is proud to announce the new season of *Green Screen Adventures*, a literacy broadcast created by our Educational Programming Department. On this show, we adapt the stories, reports and other work of students in order to celebrate their writing efforts. With educational support provided by Chicago Public Schools specialists, our mission is to create shows that build enthusiasm for learning. We are inviting students to submit their writings and drawings, which then become the property of Weigel Broadcasting Co. and may be used by Weigel Broadcasting Co. on the program, on our website, or for any other purpose. In order for your child's work to be considered or included, please sign the assignment and release below and deliver it to Weigel Broadcasting Co. together with your child's work in the manner indicated. Our goal is for this program to further encourage your child to be successful in school and in life.
